

Adjunct Faculty Positions Department of Electrical and Computer Engineering at SUNY Korea

The Department of Electrical and Computer Engineering at SUNY Korea invites applications for multiple adjunct faculty positions in all core areas of electrical and computer engineering, including but not limited to the areas of signal processing and communications, machine learning, computer architecture, and systems, and VLSI. Applicants must have earned a Ph.D. degree in electrical and computer engineering or a closely related field with a strong commitment to undergraduate education. Fluency in English and some experience in higher education in the U.S., such as teaching, research, or studies in an American university, are essential.

SUNY Korea is committed to delivering a high-quality undergraduate program in electrical and computer engineering while providing a full American university experience in Korea. The degrees at SUNY Korea Electrical and Computer Engineering are granted by the Stony Brook University (SBU) of SUNY. For further information please visit **sunykorea.ac.kr.**

We seek candidates with the potential to develop significant and internationally recognized education programs, and to actively contribute to the core undergraduate teaching missions of the department. The successful candidate will serve the university and the community with leadership and dedication. All applications should be submitted electronically in PDF format. Review of applications will continue until the positions are filled.

Submission instructions

The following required application materials must be submitted electronically to sanglin.hong@sunykorea.ac.kr in a single PDF file containing the following:

- Cover Letter
- Curriculum Vitae
- Teaching Statement and Research Statement
- Copy of Academic Transcripts and Degree Certificates from all colleges and universities attended
- Names, Titles, and Contact information of at least two references.

Note that the original university transcripts will be requested at the time of appointment.

For further information, please contact:
